You are invited to join Sisterhood for **SoulCollage® with a Twist of Torah**.

Combining the ingredients of SoulCollage® and Jewish tradition makes for a very rich recipe. In this workshop we will blend SoulCollage® (an easy, enjoyable collage process for self-discovery and community) with Jewish themes for the month of Elul. Enjoy the caring community of Sisterhood while exploring how SoulCollage® can be used for reflection and guidance to begin the new year of 5781.

SoulCollage® is an expressive arts method that uses found images, imagination, and intuition, offering a wonderful path to explore and discover what yearns to be expressed. It is a fun and easy way to dive into creativity and discover the wisdom that will help you on your life journey. Learn the basics of creating your own 5" x 8" collaged cards that reflect the Story of You.

No experience necessary. The only prerequisite is showing up with an open heart, curious, eager, and willing to play.

*"My SoulCollage experiences with Eve have stirred my creative juices. Her connections to our Jewish roots open the mind to explore and feel deeply about who we are. A beautiful Sisterhood activity to share."  
(Charna Silver)*

"The intention of SoulCollage® is to offer a flexible, creative, accessible, and inclusive tool that can be used as a practice for exploring, healing, and empowering personal and collective evolution, so that each one of us can manifest our unique potential locally and globally in increasingly balanced, compassionate, and joy-filled forms, both individually and in community." *The workshop will be led by Eve Giovenco, SoulCollage® Facilitator, who lives in perpetual creative response to life and loves sharing the engaging process of SoulCollage®. Eve is a member of both Temple Bat Yam & North Tahoe Hebrew Congregation in Lake Tahoe.*

*In preparation for the workshop, Eve will provide you with a list of easily accessible materials to have on hand. The cost for the workshop is \$36 (\$18 for the workshop and \$18 donation to Sisterhood).*
