

TAHOE JEWISH COMMUNITY (TJC) - High Holy Days 5783  
September 17 - October 5, 2022

TJC is the community that boasts North Tahoe Hebrew Congregation and Temple Bat Yam working in collaboration to foster Jewish community in and around the Lake Tahoe Basin including Truckee, Carson City and surrounding areas. Each congregation is home to its own membership based synagogue, both with beautiful buildings, vibrant religious schools, Shabbat celebrations and holiday programming. The TJC provides the structure of both congregations to work together by sharing resources, supporting each other, and engaging Jews and Jewishly adjacent residents and visitors. Below you will discover an innovative and collaborative approach to mark and celebrate the High Holy Days to welcome the Jewish Year 5783. There will be many familiar moments as we return to our buildings to mark these holy days *and* new creative approaches for engaging and wrestling with the meaning and work of these holy days too. All of our events, programs, and engagement opportunities are open to all who wish to engage safely and respectfully with our way of living our Jewish tradition informed by Reform Judaism through both personal autonomy and choice through knowledge. All of the events, services, programs, and engagement opportunities on this schedule will occur at both of our TJC Synagogues, except where indicated otherwise: North Tahoe Hebrew Congregation in Tahoe Vista 7000 Latone Ave. and Temple Bat Yam in South Lake Tahoe 3260 Pioneer Trail.
